

# Introducing SingleConnect™

by The Expo Group.

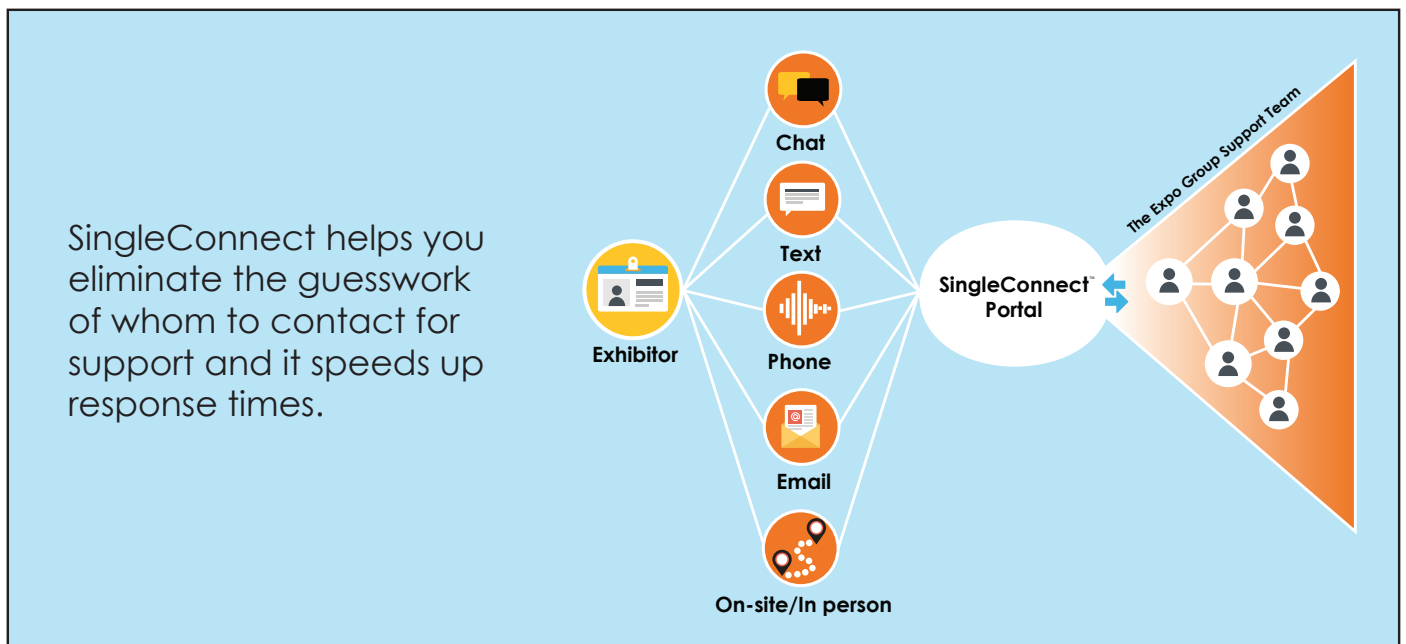

The simple and convenient way to stay connected to the show resources you need.

Now it's easier than ever to get the show support you need. Regardless of your preferred communication method such as email, phone or in person, the new Expo Group SingleConnect™ Portal will automatically route your requests to the right person for swift and efficient processing.

**Plus,** you can add SingleConnect texting as an additional way to make requests or inquiries. Simply scan the QR code found on signage at show registration, service and entry areas to gain instant access to the show support texting system. It's easy and it will help you get what you need - fast.

The SingleConnect text QR code

SingleConnect is ready to help you make the most of your shows.
